

## North Perth Primary School Contributions, Charges and Personal Items List 2023

The Government provides a comprehensive education that satisfies the requirements of the *Western Australian Curriculum and Assessment Outline* for all students throughout Western Australia. A substantial portion of the operating costs associated with the education of students is from State and Commonwealth Governments. These funds go towards salaries of staff, school buildings and facilities, equipment and course materials. Fundraising, sponsorships and donations from parents and school communities also supplement the funds required to operate the school.

The North Perth Primary School Board has endorsed the schedule of Contributions and Charges for 2022. This information is provided to explain the different types of expenditure parents might incur.

### **VOLUNTARY CONTRIBUTIONS - \$60 PER STUDENT**

Voluntary contributions are set in accordance with School Education Regulation 2001 and adhere to the 'Contributions, Charges and Fees Manual', October 2017. The funds collected will be used to supplement school expenditure by purchasing resources for priority learning areas. Parents can pay the voluntary contribution either via Campion when purchasing their school requirements, or directly to the school at the commencement of the 2022 school year. **The voluntary contribution for 2023 will be used to directly support technology at North Perth Primary School through leasing iPads and upgrading Interactive Whiteboards in classrooms.**

While the contribution is voluntary, the quality of our teaching and learning program will be maximised if each family makes its contribution.

### **EXTRA COST OPTIONAL COMPONENTS**

Activities that enrich the educational program will be offered to students throughout the year and may vary at each year level. Student participation in an activity will be conditional on payment as these activities are not covered by the voluntary contribution.

The table below is a summary of the optional components. The activities will not exceed the costs shown and if an activity does not transpire within the school year no payment for that event will be required.

A recommended list of materials the students will require for 2022 has been distributed to students. The **School Requirements Lists** are available from Campion. Parents may choose to use the selected supplier or a supplier of their own choice.

It may be necessary to replace some items e.g. pens, pencils, glue, during the year and parents are asked to check these each term and replenish when necessary.

### **OTHER VOLUNTARY APPROVED REQUESTS**

The North Perth Primary School Parents and Citizens (P&C) Association are requesting each school family make a voluntary contribution to help finance the many activities and resources they support.

### **FINANCIAL ARRANGEMENTS**

Statements will be issued throughout the year to inform parents of payments that are outstanding. Please contact the Manager Corporate Services immediately if you believe there is an error on the statement.

Refunds are calculated on a pro-rata basis and made on receipt of a written request to the Manager Corporate Services at the school.
